We've done a lot of research with our 10 colours. We've purposely researched what are our most popular sublimation colours and then dyed our fabrics to match. This means we have colour uniformity when ordering a mix of sublimated apparel and cut & sew apparel. This gives us an edge over our competition with this colour system.

POLO SHIRT

Polo Shirt

Our polo shirt patterns are a combination of raglan sleeve and set-in sleeves. We provide a modern fit for men, ladies & unisex youth. The self fabric collars will add a touch of class and be ideal for a fast delivery service.

Cut & Sew fabrics

Micromesh

165gsm | 100% Polyester

A soft medium weight knitted fabric which is very comfortable to wear. Micromesh contains wicking properties which is a great moisture management system. The fabric allows perspiration to move away from the body, dries quickly, controls odour and promotes comfort.

Perfect for polos, singlets, t-shirts, shorts and business polos.

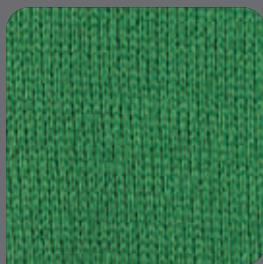

Polar Fleece

250gsm | 100% Polyester

A very soft medium weight fabric with a fleece finish to both the inside and outside of the fabric. The fleece adds high amount of comfort and due to its insulating properties it is very good at keeping you warm while still being very breathable.

Perfect for jumpers, hoodies and jackets.

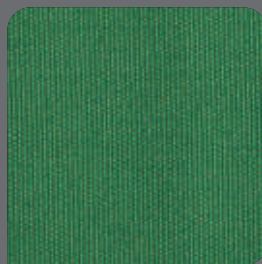

Poly Fleece

280gsm | 100% Polyester

A very soft medium weight fabric with a smooth knit finish to the outer side and soft fleece on the inside. Fleece adds high amount of comfort. Due to its insulating properties it is very good at keeping you warm.

Perfect for jumpers, hoodies and jackets.

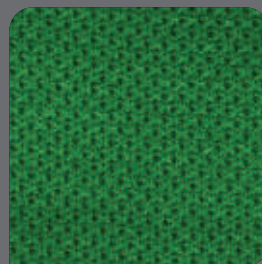

Poly Micro Poplin

110gsm | 100% Polyester

A soft light weight woven fabric which is easy to wear. Micro Poplin has a "peach" feel to the fabric which creates a soft touch. The fabric is very strong and with its close weave is great for wind resistance and with added water resistance it will be sure to keep you warm and dry.

Perfect for track jackets, track pants and shorts

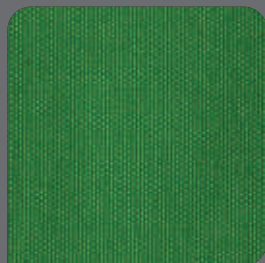

Cotton/Poly Pique

200gsm | 65% Cotton 35% Polyester

A soft medium weight fabric with a smooth finish on the inside creates a very comfortable fabric to wear against the skin. Blended with 65% Cotton the natural fibres create a cool, dry fabric which is great for moisture management and allows perspiration to move away from the body keeping you dry, cool and comfortable.

Perfect for polos, t-shirts and singlets.

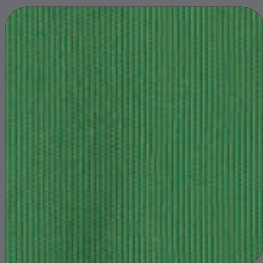

Poly Taslon

108gsm | 100% Polyester

A light weight woven fabric which is soft and easy to wear. Taslon's close weave makes it a very strong fabric which is great for wind resistance and being moderately water resistance the fabric keeps you warm and dry.

Perfect for outer wear like track jacket, track pants and shorts.

Nylon Taslon

110gsm | 100% Nylon

A light to medium weight fabric which has a subtle shine and "crisp" feel. Nylon Taslon's close weave makes it a very strong fabric and its water resistant. It is sure to keep you dry and warm while still maintaining a soft comfortable feel.

Perfect for all weather jackets, track jackets and track pants.

Interlock

265gsm | 100% Polyester

A shiny, soft, silky fabric specially knitted to be both comfortable and robust. Interlock provides the ultimate silk like feel while remaining tough and durable making it a great choice for Aussie rules and rugby.

Perfect for Aussie rules and rugby on-field uniforms.
